# Digital Storytelling

**Why Use Digital Storytelling Tools?**

- Keep an electronic record of your story
- Share stories easily with whom you choose
- Add photos, video, audio
- Write stories collaboratively wherever you are

**Social Media and Storytelling**

- A quick snapshot of an idea or feeling
- Became popular with Instagram stories
- Typically last only 24 hours
- Facebook stories
- Use TikTok to tell stories through videos

**Enwoven**

- Browser-based
- Stories can be public or private
- Multimedia content: text, images, audio, video
- Create timelines and maps of events
- You can create a free, individual account at enwoven.com/pricing

**Examples of Digital Storytelling Projects**

- Learn how to participate in StoryCorps at storycorps.org/participate.
- Submit a story to the Moth or listen to the podcasts for story ideas.
- The Library of Congress accepts veterans' stories for its Veterans History Project.
- The Personal Stories Project provides a space for the LGBTQ community and their allies to share their stories.
